How to Use This Vault

Every script in here was tested at scale inside Elevate Real Estate Partners. These aren't hypotheticals. They're the exact words that produced a $2.1M/year land operation.

Use them as-is. Swap the bracketed fields. Don't overthink the wording. The goal is volume, not perfection. A sent text beats a perfect unsent one every time.

IMPORTANT: In SmarterContact, you can load these as saved Macros. That means one tap sends any of these replies instead of typing from scratch. Set them up before you launch.

SECTION 1

Seller Outreach: Initial SMS

Your opening text needs to be short, human-sounding, and non-threatening. No walls of text. No company names. No links. Just a simple question from one person to another.

Script A (Direct)

Hi [First Name], I came across your lot at [Address] in [County]. Would you consider selling? We buy land as-is, cash, close in 30 days. - Caleb

Script B (Soft question)

Hey [First Name], saw you own some land in [County]. Not sure if you've thought about selling, but we'd love to make you a quick cash offer if you're open to it. Worth a 2-min chat?

Script C (High-equity counties)

Hi [First Name], looking to buy land near [City] area. Saw you own a lot on [Street]. Any chance you'd take a cash offer?

Rotate between A, B, and C across different campaigns to avoid response pattern fatigue. If one pulls more replies in a specific county, stick with it.

SECTION 2

The 3-Touch Follow-Up Sequence

Most deals come from the 2nd or 3rd touch, not the first. Set these up as an automated drip in SmarterContact before you launch.

Day 3 Follow-Up

Hey [First Name], just wanted to follow up on the land at [Address]. Still happy to make you a cash offer if you're open to it. No pressure either way.

Day 7 Follow-Up

Hi [First Name], last follow-up from me on [Address]. If you ever decide to sell, I can have a number to you within 24 hours. Just reply whenever.

Day 14 Final Touch

[First Name], going to close out my file on [Address]. If the timing ever gets right, I'm still interested. Take care.

After Day 14, move the contact to your retargeting list. Run them again in 90 days. Circumstances change. A seller who said no in April often says yes in August.

SECTION 3

Objection Handling Macros

Load these into SmarterContact as saved replies. When a seller sends one of these responses, tap the matching macro and send. No writing required.

"How much are you offering?"

Macro: Price Ask

I'd need to take a quick look at the lot first to pull comps and give you a fair number. Can you confirm the parcel or address so I can get started? Usually takes me about a day.

"What's my land worth?"

Macro: What's It Worth

I actually pull comps before every offer so I can give you a real number, not a guess. Send me the parcel info and I'll have something back to you within 24 hours.

"I need to think about it."

Macro: Think About It

Totally fair. Take your time. If you want, I can send you the offer in writing so you have something to look at. No expiration on it, no pressure.

"Is this a scam?"

Macro: Legitimacy

Completely fair question. I'm Caleb Milobsky, Elevate Real Estate Partners out of [City]. We're a real cash buyer, we close through a licensed title company, and all paperwork goes through DocuSign. Happy to give you our title company's contact if that helps.

"I already have a realtor."

Macro: Has Realtor

No problem at all. If the realtor route doesn't work out or you want to compare options, I'm here. Cash buyers and realtors actually coexist fine, different process, different timeline.

"Not interested."

Macro: Not Interested

Totally understand. Take care, and feel free to reach out if anything changes down the road.

"Make me an offer."

Macro: Make Offer

Love it. Send me the parcel number or address and I'll pull comps today. I'll have a number to you within 24 hours. What's the best way to reach you, text or email?

"I want full market value."

Macro: Full Price

I hear you. We do buy at a discount since we close cash and as-is with no fees to you. But if you want, I can pull what the market looks like right now so you have a solid reference point regardless of what you decide.

SECTION 4

Making and Delivering the Offer

Once you've pulled comps and have a number, here's how to present it. Keep it clean, confident, and easy to say yes to.

Offer Delivery (Text)

Hi [First Name], I did some digging on [Address]. Based on comparable sales nearby, I can offer you $[AMOUNT] cash, as-is, closing in 30 days through a licensed title company. No fees, no commissions. Would that work for you?

Offer Delivery (Email)

Subject: Cash Offer - [Address] Hi [First Name], Following up on our conversation about [Address]. After reviewing comparable sales in the area, I'd like to offer $[AMOUNT] for the property. Terms: Cash purchase, as-is condition, 30-day close through a licensed title company. No fees or commissions on your end. If this works, I can have the contract to you today via DocuSign. Just reply here or call/text me at [Phone]. Thanks, Caleb Milobsky Elevate Real Estate Partners

Counter Response

I appreciate the counter. Let me see if there's any room to move. Give me a few hours to revisit the comps and I'll come back to you.

SECTION 5

Contract and Closing Coordination

Once a seller says yes, move fast. You have 24 hours to get them a contract before the deal cools.

Contract Send (Text)

Great, I'll have the contract to you via DocuSign within the hour. It's a simple 2-page agreement. Let me know if you have any questions once you see it.

Opening Escrow (Email)

Subject: Opening Escrow - [Address] Hi [Title Company Name], I have a property under contract and I'm ready to open escrow. Property: [Full Address] Seller: [Name] Buyer: [Your Entity] Purchase Price: $[AMOUNT] Contract Date: [Date] Close of Escrow: [Date] Attached is the signed purchase agreement. Please send over your escrow instructions and let me know what you need from the seller. Thanks, Caleb Milobsky

Closing Follow-Up to Seller

Hi [First Name], just checking in. Title company should have reached out to you by now about next steps. Let me know if you have any questions or haven't heard from them yet and I'll follow up on my end.
